

RECRUITING DAYS

WARSAW
19 OCT. 2018

„Recruiting Days“ by HOTELCAREER

Top-notch face-to-face networking

Since 2008, our touring job fair bridges the gap between hospitality companies looking for skilled employees and job seekers eager to take on the next career challenge. On this one day, we give them the opportunity to connect in an informal, yet professional setting and discuss a possible collaboration. In 2018, the Recruiting Days will have its first edition in Poland.

Strengthen your employer brand

Image and reputation have become key to our talent acquisition strategies, which is why specialized job fairs are a good (pre-)recruiting tool that allows you to portray your company consistently and give insights into your work culture to the people most likely to share it.

Meet your target group

Open-minded and interested school leavers, trainees and young professionals from hospitality industry. They are looking at a full day of coaching, workshops and of course networking! Their entry is free. Get to know them up close and personal.

How we attract the right visitors

We promote our Recruiting Days both online and offline across our partner network from the industry as well as to the schools and on all our job boards: this includes email, banner, social media marketing and print campaigns. By signing up, you cast a wider net and benefit from this visibility.
